

Dear Mr. S. Abidov!

From 2013 to 2017 our company Samsung Engineering Co. Ltd has been successfully cooperating with your company IT Professional Solutions Mid East FZ-LLC (hereinafter – “ITPS”) in equipping the Iraq industrial facilities (oil complex) by TELECOM & SECURITY SYSTEMS.

At the time of the West Qurna Field 2nd Phase Project (Early Oil Phase) the ITPS specialists have made a successful engineering, supply and installation of the equipment and performed commissioning of the following systems:

- TETRA RADIO SYSTEM;
- TELEPHONE SYSTEM;
- METEOROLOGICAL SYSTEM;
- DATA LAN/WAN SYSTEM;
- PUBLIC ADDRESS & GENERAL ALARM SYSTEM (PAGA);
- STRUCTURED CABLING SYSTEM;
- VIDEO CONFERENCE SYSTEM;
- ENTERTAINMENT TV;
- TSAS (TELECOM SUPERVISORY ALARM SYSTEM);
- MASTER CLOCK SYSTEM;
- SECURITY & PROCESS CCTV SYSTEM;
- INTRUDER DETECTION SYSTEM;
- ACCESS CONTROL SYSTEM;

The performed works had been carried out in accordance with the highest standard in the industry and in a timely manner. We acknowledge a competence of the ITPS specialists considering the works performed and we would highly recommend ITPS Company as system integrator of industrial facilities.

We truly appreciate your hard work and commitment and look forward to continue such a successful cooperation for the benefit of our common interests.

 2017. 6. 19

JISANG YOON

PROJECT MANAGER / SAMSUNG ENGINEERING
