

**Creating a field development schedule for West Qurna-2 based on a comprehensive field development plan**

**Sector:** Oil and gas

**Region:** Iraq

**Client:** LUKOIL

**Review:** "Parma-Telecom LLC consultants demonstrated professionalism and in-depth knowledge of oil and gas industry specifics, as well as best practices and techniques in the field of scheduling and project management together with the ability to diligently and methodically link various source requirements. All of these elements combined enabled tasks to be quickly completed.  
Once again, I'd like to thank you for the quality of work performed and look forward to further future cooperation."  
Chief Engineer, S. Sidorenkov.
